## **Technique Directions**

This fun technique is best with a bolder, solid image stamp set. Tropical Party is perfect to create a whimsical birthday card.

1. Randomly stamp images on Whisper White cardstock with Versamark
2. Cover with clear embossing powder and tap off excess
3. Set with Heat Tool and continue heating until the embossing powder bubbles a bit and is very glossy
4. Gently spray the cardstock with water
5. Take sponges and randomly sponge classic ink over the embossed image

## **Finishing Touches**

1. Stamp leaf image randomly on card base in Pumpkin Pie classic
2. Create tag using Big Shot, and stamp greeting towards right hand side of tag
3. Punch out Pumpkin Pie flower using Fancy Flower Punch, punch out So Saffron Flower with Five Flower Punch
4. Stamp small flower image from Tropical Party on Whisper White. (On the sample I used Rock and Roll technique to use both So Saffron and Pumpkin Pie). Cut out flower using paper snips.
5. Assemble flower by layer Pumpkin Pie flower, followed by So Saffron flower, stamped flower and then an Ice Circle brad to top it off. Attach flower to tag with Stampin' Dimensionals.
